

Use these templates to add to your window display or make your own decorations.

Why not add bunting using our templates or celebrate the heroes and heroines in your family who contributed to the war effort using our Victorious Locals templates.

Take a photo of your window display and send it to us at **info@dacorumheritage.org.uk** so we can share it on our website or via social media or post a photo of your display on facebook, instagram or twitter using the hashtag **#DacorumVEDay2020**

We would also love you to send us a photo of your relatives who lived through the second world war along with a short description of how they contributed to the war effort at that time, whether as a member of the armed forces or working on the Home Front looking after families, farming, working in the medical or teaching professions, making munitions or serving in the Home Guard or Land Army. Use the email address above or share on social media using the hashtag **#DacorumVEDay2020**

During the VE Day anniversary weekend we will share any photos we receive on our website or via social media to celebrate the contribution people in our local community made to victory in Europe 75 years ago.
